

JANUARY PATTERN
BELLS RINGING

©1995 LINDA H. SCHIFFER ALL RIGHTS RESERVED

The block for January represents church and city hall bells ringing for the New Year. This was once a custom in most parts of the United States. (Ringing bells is an ancient way to ward off evil and invite the attention of good forces to one's home.)

I have drafted (and numbered) the block for foundation piecing but you can just use the pattern below to make templates for traditional piecing if you prefer.
